

## **WOODFIBRE LNG / FORTISBC SQUAMISH COMMUNITY OFFICE REOPENS**

JUNE 14, 2017

SQUAMISH, BC – Woodfibre LNG Limited and FortisBC are proud to announce the reopening of the Squamish Community Office at 38134 Cleveland Avenue in downtown Squamish.

“On behalf of Woodfibre LNG and FortisBC, we’d like to thank everyone who helped get us back into our Community Office,” said Byng Giraud, Vice President of Corporate Affairs and Country Manager, Woodfibre LNG Limited. “From District of Squamish staff to our landlord, the restoration company, and our dedicated employees, everyone worked hard to ensure we have a safe and comfortable place for open dialogue about our respective projects.”

The Squamish Community Office was temporarily closed on November 3, 2016 due to damage caused by a fire. No one was in the office at the time of the fire, and no one was injured. The incident is under investigation by the RCMP. No arrests have been made.

“We would also like to take this opportunity to thank Squamish RCMP and Squamish Fire Rescue for their quick response to the fire, as well as their support in the aftermath,” said Cynthia Des Brisay, Vice President, Midstream Services & Resource Development, FortisBC. “We’re pleased to be back in the office, and welcome conversations with anyone looking for opportunities or information on our project.”

The Squamish Community Office first opened in November 2014 to offer Squamish residents a convenient location to ask questions about the Woodfibre LNG Project and the Eagle Mountain – Woodfibre Gas Pipeline (EGP) project.

### **Community Office Summer Office Hours**

The Community Office will be open to the public Wednesday to Friday, 11 am to 3 pm. FortisBC and Woodfibre LNG staff can also be found at a number of community events in Squamish throughout the busy summer event season. For an appointment outside of the regular office hours listed above, please call 1.888.801.7929 for Woodfibre LNG and 1-855-380-5784 for FortisBC.

### **About Woodfibre LNG Limited**

The Woodfibre LNG Project is located approximately 7 km west-southwest of Squamish, British Columbia. It involves the construction and operation of a liquefied natural gas (LNG) export facility on the previous Woodfibre Pulp Mill site, which would have a storage capacity of 250,000 m<sup>3</sup> and would produce approximately 2.1 million tonnes per year of LNG. Woodfibre LNG Limited is a privately held Canadian company based in Vancouver, and a subsidiary of Pacific Oil & Gas Limited, which is part of the Singapore-based RGE group of companies. To learn more about Woodfibre LNG, visit [woodfibrelng.ca](http://woodfibrelng.ca).

### **About FortisBC**

FortisBC is a regulated utility focused on providing safe and reliable energy, including natural gas, electricity and propane. FortisBC employs more than 2,200 British Columbians and

serves approximately 1.1 million customers in 135 B.C. communities. FortisBC owns and operates two liquefied natural gas storage facilities and four regulated hydroelectric generating plants, approximately 7,200 kilometres of transmission and distribution power lines, and approximately 47,500 kilometres of natural gas transmission and distribution pipelines

FortisBC is proposing to expand a section of its existing Vancouver Island natural gas transmission system so the proposed Woodfibre LNG project can access natural gas. The system provides service to customers in Squamish, Whistler, the Sunshine Coast and Vancouver Island.
