

SCAM INVOLVING RECRUITMENT EXERCISE FOR RGE / ASIAN AGRI

2 June 2015 – This is to notify members of the public that there is a scam involving a purported recruitment exercise conducted by RGE and Asian Agri in Indonesia. We have been alerted by some victims of the scam and have reported the case to the Indonesian police.

A group of persons has posed as RGE's Human Resource representatives and invited job seekers to make travel arrangements to Jakarta through their appointed travel agent. The group claimed that job seekers would participate in a 2-day recruitment exercise in early June 2015 which would involve tests and interviews leading to selection and job offers from RGE.

This group of persons promised job seekers that they would be reimbursed accommodation and transport costs booked through its appointed travel agent after the onsite tests in Jakarta. For the record, we do not know of and have no business relationship with the said travel agent.

We wish to caution the public not to fall prey to such scams. The group of persons illegally used the logos of RGE and Asian Agri in written communication to mislead job seekers. They had taken extensive efforts to make the communication look legitimate and official, including reference to an address in Jalan Thamrin, Jakarta, near to where RGE and its business groups, including Asian Agri, are located (see fraudulent letter [here](#)).

RGE, or any of its business groups, does not ask, solicit, or accept monies in any form from job applicants at any point of our employment process.

We would like to advise members of the public to be cautious and visit our corporate website www.rgei.com for official information and contact persons. Those who have fallen for this particular scam are advised to lodge a police report immediately.

For the latest official job information and openings available in RGE and its business groups, please visit <http://www.rgei.com/careers>.
